Meeting called to order at 19:35 by Commissioner Bowne.

Pledge of Allegiance was recited by all.

Commissioner Bowne read the Open Public Meeting Act as follows:

THIS MEETING IS BEING HELD IN ACCORDANCE WITH THE REQUIREMENTS OF THE OPEN PUBLIC MEETING ACT (L.1975, C.231) AND PURSUANT THERETO, A SCHEDULE OF REGULAR MEETINGS WAS ADOPTED AT THE MEETING OF MARCH 8, 2016, WHICH SCHEDULE WAS FILED WITH THE MUNICIPAL CLERK, PROVIDED TO THE HOME NEWS TRIBUNE AND THE SENTINEL, AS WELL AS POSTED IN THE MUNICIPAL BUILDING.

Commissioner Bowne indicated where the emergency exits are located.

Roll call was taken.

CORRESPONDENCE (reported by Commissioner Miller)

- Notice from Task Apparatus to advise us that they are still our first dealer.
- Letter dated 9/13/16. Addressed to the Twp. Building office in regards to Black Tree Tan lots 25, 26, 29 & 31-35. It is approval for building permits for this location. Middlesex County Planning board does not have the right to approve the drainage way on a non-county road that effect non county facilities. It should be approved by the proper non county agency
- Preliminary site plans for 725 Cranberry Road for a variance.

PROFESSIONALS REPORT

Chiefs Report – reported by Chief Michael Heilbronn

- Total of 11 alarms for the month of September. This brings the total alarms for 2016 to be 134.
- See attached full report on alarms.
- Want move forward with purchasing some length of hose – 5" spares in both stations, as well as redoing the short 10ft lengths on the primary engines. Also want to purchase 2 – 6" to 5" for #901 & #902 so there is an easier way to hook up where they normally get hard suction. Total would be \$3,502.00 for these purchases
- Would like to purchase high rise kits. Cost for all three trucks would cost about \$3,000.00 total. Each engine bag would have enough to make a connection inside a building, a pressure gage, a 60 degree valve to avoid kinks and then standard connections.
- The camera cradle that was approved at last week's special meeting was ordered. This will be placed in the chiefs trucks to see how they fit – next year they may then purchase for the engines.

The current #904 blew out a tire. This is the second time in a period of 4 weeks. They know the condition of the tires so a discussion needs to be had as to what to do next. Commissioner Bowne said this engine needs a minimum of 3 tires. If it's going to be sold next week, he's not sure this is something they want to do because they will not get their money back for it. Commissioner Duffy said they should ask for the cheapest tire to replace the blown out tire. Commissioner Miller asked if the tires could be retread but Commissioner Bowne said front tires cannot be retread. They are going to take it out of service for the time being.

The following materials are requested to be purchased totaling \$3,502.00 (Acct #6312):

3 - 100 length of 5" -= \$780 each = \$2,340.00
1 - 50 length of 5" at \$400.00
2 – 6" to 5" connections \$181 each = \$362.00
Connection replacements on the existing hoses = \$400.00

No more than \$3,000.00 for the three high rise packages. (Acct #6312)

No more than \$500 to get a replacement tire for engine #904. (Acct #6346)

Commissioner Miller made a motion to purchase the above, Commissioner Duffy seconded it. All were in favor. It was so moved.

Engineers Report - reported by Commissioner Miller (read off Ken Skalla's report)

- See attached report for vehicle details for the month of October.
- Discussions were around the replacement of the gas tank for the Crown Victoria. Is it worth it to replace? Right now it cannot be filled more than $\frac{3}{4}$ of a tank. Chief Heilbronn confirmed that it does get used; it doesn't just sit there.

COMMITTEES

Riva Avenue Project - reported by Commissioner Duffy

- Talked last week about an Owner's Advocate. Commissioner Duffy gave the other Commissioners paperwork detailing what the Architect would be able to do for them as the owner's advocate.

THE BOARD OF COMMISSIONERS OF FIRE
DISTRICT NO. 3
TOWNSHIP OF EAST BRUNSWICK, NEW JERSEY
MONTHLY MEETING

- The Architect's fee for this role would be \$24,000. Commissioner Duffy priced around and found that to hire another person for the job it would cost them between 10 – 15% of the project. Commissioner Duffy feels he would be a good fit because he is only 1% of the project and he has been on the project since Day 1.
- Commissioner Bowne requested that we ask Attorney Braslow to review a boiler plate contract and make sure all is included to have the architect also be the owner's advocate. They want to be sure that all is covered and he will take care of matters as the architect and the owners advocate on behalf of the Commissioners. They don't want the public to come back and question their decisions. Commissioner Duffy will take care of this request.

TREASURY REPORT (reported by Commissioner Wood)

We received a check for \$162,749.75 for the 3rd quarter payment from the town. Access Health bill that came in requesting a payment. Christine checked if it was already paid and it was. WE spend a lot of money with Fire Safety. We received a bill for travel to the fire house to check bulbs on a truck. Customer changed bulbs. The invoice was for \$114.00 when all he did was turn a switch on! That is a ridiculous price.

Beginning balance in account as of September 15, 2016 after a deposit is \$929,665.68.
After disbursements tonight balance is \$905,905.54.

(See attached reports for the breakdown of payments/disbursements)

Commissioner Fenstermaker made a motion to pay the bills. Commissioner Miller seconded the motion. All were in favor. It was so moved.

NEW BUSINESS

2017 New Budget –

- Mike Duffy Firefighter from the Brookview Firehouse presented what they are requesting for next year's budget. They are requesting a 2% adjustment for the fire protection agreement. Total comes to \$198,300. It was submitted to the board for their consideration.
- Assistant Chief Umbach presented new budget for next year – would like to increase Radio M&R by \$400, Equipment purchasing to increase to \$85,460.00, Equipment M&R increase of \$400. Overall it is a 2% cap increase for equipment purchases. Went over the rest of their proposal with the Commissioners.

Received letter from the Helmetta Fire Department inquiring about the two chiefs' trucks we are getting rid of. It was discussed to sell these trucks to Helmetta for \$1 each.

It was requested that the chiefs come up with a detailed list of what the equipment purchases will be in 2017 and bring to future meeting.

Commissioner Wood made a motion to sell these vehicles for that price. Commissioner Fenstermaker seconded the motion. All were in favor. It was so moved.

OLD BUSINESS:

- Nothing to report.

Meeting adjourned at 21:00.

Dear Commissioner Dave Woods,

Hello, I am Pradeep Mathew the current Chief of Helmetta Volunteer Fire Dept. We are putting in this letter to kindly request the 2 Chiefs Trucks that East Brunswick Dist. 3 is currently in the process of retiring. These 2 vehicles will help HVFD immensely with replacing the older vehicles that are currently in-service and helping displace the burden of spending our small budget on more valuable items like lifesaving tools for the department rather than spending it on repairs and maintenance. We thank you in advance for your kindness, generosity and any help you may be able to provide in this matter.

Sincerely,

Pradeep R. Mathew

Chief
